

Prayer for the Sick

Immaculate Mother, Holy Mary of Guadalupe, Health of the Sick, in your hands as Heavenly Nurse, who cured Juan Bernardino, and brought us a River of Light, Life and Health, I place my faith, my hope and all my sufferings, so that you may unite them to the Passion of your Son Jesus Christ, as a means of salvation for me and for my brothers.

From this moment I accept everything that the Sacred Heart of your Son sends me.

I want to complete in my life what is lacking in his Redemptive Passion.

I trust that you will give me strength and everything I need to find my moral health, and also my physical health, if it were for the Glory of God and my true good.

Amen.

Holy Mary of Guadalupe, Health of the Sick:

Pray for us.
